
Agile Project Management

Posted by MFKHAN - 2008/08/10 07:18

Dear All,

I am student of Birmingham City University and am doing research on agile project management. I have designed a small survey. The average time to complete the survey is 5 minutes. I request you all, please participate in the survey and answer as many questions as possible. Also, I would be really thank full if you forward it any IT or software Project manager you know.

Following is a link to the survey

<http://FreeOnlineSurveys.com/rendersurvey.asp?sid=drk2xp2wqlq7dg1468758>

Also if you know any software project manger, IT manager ot IT team lead please forward it to them. I will really appreciate your valuable inputs.

Thanks for your time

Regards

Faisal

Quick Remark, you're missing Agile in your list of Project Management Methodologies.

I don't think that PRINCE2 and PMBOK are methodologies.
